This Week's Announcements

Dear Titan Families,

Communication between school and home is important. It is the reason why I send this weekly email. In addition to email, Stevenson High School and Utica Community Schools have a service for parents who would like information texted directly to them. The texting service provides school news and announcements, district information such as emergency school closing situations, or updates issued from UCS departments, such as transportation. To join this system, please text "Y" to 67587.

Note – if you have previously registered for this system and are not receiving texts from our school or UCS, please contact the school office to ensure we have your most recent cell phone number is on file.

In addition to weekly communication, I host a monthly parent advisory meeting. This month's meeting is Tuesday, October 23, at 6:30 p.m. in the ECC and Wednesday, October 24, at 8:30 a.m. in the Principal's Conference Room. All parents/guardians are welcome.

Girls Swim and Dive

The Lady Titans did it again! With the one more win against Cousino (66 to 94) last Tuesday, SHS Girls Swim Team now have six wins and two losses. WOW! There is only one more meet to see the girls in action: Tuesday, October 23 at Sterling Heights High School at 6pm. Admittance is only \$5! The season is almost over for these swimmers! Come check them out! Stay tuned for the Championship results early November!

Freshman Football

The Titans Freshman Football team closed out the season with a 20-6 win over the Warren Mott Marauders. Titans finish their season with a 6-3 record. Congratulations Freshman Titans! [#Faith](#) [#Family](#) [#Toughness](#) [#Breakthrough](#)

No more applications for Parking Permits

At this point, we have issued the number of permits that we have available spaces for at Stevenson. We will not be accepting any additional applications. Now, we will monitor the parking lot to see how many students on average are driving each day and we will slowly issue permits to students on the wait list until we are filling the lot. We have to be careful not to issue too many permits. We have to be able to park every student we issue a permit to if they all choose to drive on the same day (even if that is on the grass). When we reach that point, we will stop issuing permits to those on the waitlist.

Looking for Team and Club Parent Reporters

I would like to highlight and celebrate the success of every team and club. I cannot do this alone. I am looking for parents from different groups who would be willing to write a paragraph each week during the season to report on the events of the week. If you are interested, please email me. Stop the Bleed! A HOSA sponsored training event

Stevenson HOSA-Future Health Professionals is sponsoring a STOP THE BLEED training course on **Monday, Oct 22, 2018 @ 2:30** in the ECC room. The event will last approximately 1.5 hours and trauma kits will be available for purchase. The event is free for HOSA members and non-members are asked to contribute a \$5 donation toward the purchase of STOP THE BLEED kits.

Uncontrolled bleeding is a major cause of preventable deaths. Approximately 40% of trauma-related deaths worldwide are due to bleeding or its consequences, establishing hemorrhage as the most common cause of preventable death in trauma. The Stop the Bleeding Coalition is focused on raising awareness of how, with the

proper training and materials, death from bleeding can be prevented. Simple measures can save many lives.

UCS DISTRICT NEWS AND INFORMATION

Safety, technology and infrastructure improvements highlight Nov. 6 Bond Proposal

The Utica Community Schools Board of Education has unanimously (7-0) approved placing a \$155 million bond proposal on the November 6 ballot to address safety and security, technology and infrastructure improvements identified through the district's strategic, long-range facility improvement program.

"The bond proposal will allow us to continue providing an environment that supports the academic excellence for students that our community expects and deserves," Board of Education president Gene Klida said. "The bond projects address safety and security and infrastructure priorities that directly impact our classrooms. The projects also provide our teachers the tools they need to drive learning and develop the job skills that businesses need to build our economy."

Voter approval of the bond proposal has been structured to keep the tax rate at or below the current level. The bond proposal will affect each UCS student and every UCS school and school facility.

The ballot proposal states that that the bond proposal will provide for:

1. Making safety and security improvements, including cameras and door-locking systems.
2. Equipping, furnishing, re-equipping and refurbishing school district buildings, facilities, and structures, and acquiring school buses and technology equipment.
3. Constructing additions to and/or remodeling school district buildings
4. Improving and developing sites, including playgrounds, athletic fields, facilities, and structures in school district.

"Safe and secure schools are a top priority for our community and our district," Superintendent Dr. Christine Johns said. "The improvements in this bond proposal are a key piece to our collaborative efforts with local law enforcement to continue to keep our schools safe places for students and staff."

Technology improvements provide students and teachers the resources to support learning, including key areas of Career and Technical Education (CTE) and the integration of skills that ensure success in college and career.

The infrastructure projects also support the district's long-range improvement programs in key areas of roofing, paving and the replacement of buses.

Board of Education Treasurer Dr. Robert Ross emphasized that voter approval of the bond proposal has been structured to not increase the current tax rate.

"Through solid fiscal planning, this bond issue has been designed to ensure we can address our facility priorities at or below our current millage level," Dr. Ross said.

Dr. Ross added that the improvements will allow the district to extend the life of current school buildings and protect the investment the community has made in its facilities.

“Area realtors are clear that the strength of Utica Community Schools protects property values and draws new families and businesses to the communities we serve,” he said.

Dr. Ross noted that by law the bond revenue will be used only for capital improvements and may be not used for operating expenses, such as salaries or utilities.

“It is important that our taxpayers know that all revenue must be used for the purposes that are specified in the bond proposal and the expenditures are independently audited,” he said.

More information and an overview of projects are available on the district’s website at <http://www.uticak12.org/2018bond>.
